

A healthcare organization's need to operate efficiently can be an obstacle when new objectives are identified. Rather than add to a manager's workload, many organizations choose to lean on MedMatica's experts whose dedication to excellence drives successful results.

MedMatica has been helping a wide variety of healthcare organizations be successful for two decades and we pride ourselves on knowing how to deliver the right people to suit each organization's challenge.

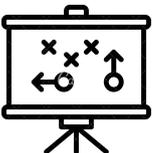

Strategy Development

When leadership evaluates the direction of an organization, MedMatica has the industry experts to assess the strategy and goals. Our team provides industry insight and analysis as recommendations are offered to hospital leadership.

Pre-implementation Planning

When working with an unfamiliar vendor, it is helpful to have assistance/guidance in evaluating, negotiating, and planning a new contract. MedMatica delivers value for all such activities that lead to a project's kick-off and beyond.

System Selection

Evaluating a new system requires analyzing your organization's unique characteristics. MedMatica provides an intelligent approach to developing and leading the process of evaluating your next system.

Consolidation Planning

Acquisitions and mergers are frequent occurrences that present unique challenges. Our Advisory Services offer guidance in the planning and execution of strategies related to bringing on new facilities.

Process Engineering

MedMatica provides the expertise for developing workflows to accommodate a new system configuration. After a HIT system is installed it has to be stabilized and, in many cases, optimized. During these periods, MedMatica leads the configuration and process adjustments to ensure maximum efficiency and productivity.

Clients enjoy the success that MedMatica fosters through our expert resources and our commitment to customer satisfaction. MedMatica's consultants are dedicated to only one Client - you! MedMatica further demonstrates our commitment to customer satisfaction by assigning **Care Managers** that ensure delivery of our Client-centric commitment to each Client.
