

Project Management and Interim Leadership Services

Helping our Clients realize their Vision

Information Technology plays a significant role in enabling today's healthcare organizations. With an added focus on it benefits the need for a greater level of project oversight and IT leadership exists. By implementing fundamental project management strategies with MedMatica, you will narrow your focus, reach desired goals, and achieve those goals within specific time and cost parameters.

-  **Project Management:** Our project management staff have deep healthcare experience in ensuring projects are well defined, communicated, executed, and implemented.
-  **Project Managers:** Our senior Project Managers hold PMP and Six Sigma certifications, many also hold MBA's and other industry certifications. You dictate the style that works best in your organization.
-  **Interim Leadership:** Our interim IT leadership offerings range from application maintenance managers to corporate executives. Our resources define governance, staffing and evaluate existing team member skills as needed to ensure that your IT operations are optimal.
-  **End-to-End Management:** From initiation to completion we manage to your project goals, timing, and budget.
-  **Right Resources for Your Environment:** We work with you to define the right qualifications to fit your organization's needs and goals to quickly find the right resources to drive your success.

Clients enjoy the success that MedMatica fosters through our expert resources and our commitment to customer satisfaction. MedMatica's consultants are dedicated to only one Client - you! MedMatica further demonstrates our commitment to customer satisfaction by assigning **Care Managers** that ensure delivery of our Client-centric commitment to each Client.
