

Maximizing return on investment requires effective planning, efficient execution, and expert resources. MedMatica delivers end-to-end Epic services that assist organizations in revealing clinical, technical, and business opportunities that maximize their return on investment.

MedMatica's Epic services are developed from our deep understanding of the Epic organization and its products. Our services are delivered by respected advisors and certified consultants with experience in both Foundation and Community Connect systems and the entire line of Epic products.

Our team represents a variety of backgrounds and expertise to meet each Client's situation. The strength of MedMatica lies in the areas of:

-  **Epic Project Management Professionals** lead HIT projects, manage Epic's project methodology, or develop a PMO footprint.
-  **Implementation, Optimization and Support Analysts** with hands-on Epic experiences adept at delivering solutions to achieve your goals and objectives. Our Analysts have experience in knowing best practices and understanding end-user roles.
-  **Process Engineering Consultants** optimize clinical, financial and business workflows that leverage Epic's system functionality and capabilities.
-  **Data Management Professionals** reveal intelligence that is used to guide clients on technical and operations improvements.
-  **Education and Training Instructors** execute a proven methodology that facilitates end-user adoption and satisfaction.
-  **EMR Consolidation Advisors** provide hands-on experience and knowledge to strategize and plan EMR Consolidation initiatives.

Clients enjoy the success that MedMatica fosters through our expert resources and our commitment to customer satisfaction. MedMatica's consultants are dedicated to only one Client - you! MedMatica further demonstrates our commitment to customer satisfaction by assigning **Care Managers** that ensure our delivery of this Client-centric philosophy to each Client.
